

# BSE *All Inclusive* Shop Night!

(Formerly Women's Shop Night)

Do you like to make things with your own two hands (or want to learn how to make things)? Have you been thinking that your apartment could use some wall decor or a new end table? Do you have an interest in *how* things are made from raw materials? If you fit any of these then you should consider participating in the All Inclusive BSE Shop Night. These shop nights will be tailored toward beginner shop users with little to no shop experience.

**Join us for an informational meeting with FREE FOOD! Find out more about BSE All Inclusive Shop Night and to start thinking about your personal design and fabrication idea!**
